

Content Manager eLearning

Flexible, self-paced learning. Learn anywhere, anytime.

Kapish eLearning provides users with the knowledge to overcome the everyday challenges associated with managing business information. Catering to all levels of Content Manager users, Kapish eLearning introduces new users to information management principles and covers the many features of Content Manager. Users looking for a refresher, or to enhance their skills, can explore basic to advanced functionality, while our Expert Series is perfect for Records Managers.

Our flexible eLearning solutions cover multiple Content Manager versions and interfaces. They allow users to select the right eLearning content for their needs, pace their learning and upskill from anywhere, at any time.

For Organisations

eLearning subscriptions

Access over 60 topics for all user levels from beginners to System Administrators.

eLearning Access Passes

Designed for smaller organisations and individual staff wanting to update their Content Manager knowledge.

Custom eLearning

Content tailored to your organisation's specific requirements.

For Individuals

Content Manager Comprehensive

An all-inclusive course covering information management essentials through to advanced Content Manager functionality.

Content Manager Expert Series

Enhance your skills with our Expert Series eLearning for Administrators; including Advanced Searching, Locations, Record Actions and Record Types.
